WORK EXPERIENCE

● Live-säätiö sr Espoo, Finland

Final Degree Internship

22/02/2026 - 15/05/2026

Led the transition from a single Windows domain to a hybrid identity infrastructure using Active Directory and FreeIPA.

Designed and implemented a segmented network architecture (DMZ, services, workstations) to improve security and isolation.

Built and automated a centralized inventory management system.

Implemented cross-platform file synchronization between Windows and Linux clients.

Deployed and managed network-wide OS installations using FOG with dual-boot configurations.

Integrated centralized authentication across multiple services..

● Colegio El Pilar Irun, Spain
